

Many thanks that you have decided to register in our Grohe Supplier Portal.

If the invitation to POOL4TOOL was initiated by the responsible GROHE leadbuyer, the below mentioned form sheet is filled with pre-settings of your company like name, address etc. In this case kindly proceed with the registration.

If the form sheet (as shown below) is blank, this means, that you have registered via GROHE homepage. Please **only** proceed with the registration as **new supplier** if you do **not have a GROHE vendor number** yet.

If you already receive purchase orders by Grohe with an individual vendor number, you are already in our vendor data base. Please do not register in POOL4TOOL by yourself, but please contact your procurement contact at GROHE Headquarter instead. Your business partner with GROHE will send you the invitation for the POOL4TOOL registration.

Pure Freude an Wasser

As EXISTING supplier of the GROHE-Group you will always be invited to this registration page by email. As new supplier you can start your initial application to the GROHE-Group here.

I'm already a supplier for POOL4TOOL
